# Flail

**Super Duty Side Flail**

**Extreme Duty Side Flail with High Clearance Three Cylinder Draft Beam**

**\* Not all tractors will accept all mower models, please verify with Dealer**

# Super Duty

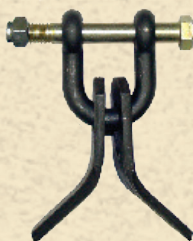

Tiger takes pride in building a perfectly matched mowing system to go with the tractor of your choice. Experience the super duty series, it is designed to give you a powerful mower with a lighter weight cutting head that gives more stability, matching up perfectly with a 85 to 115 HP utility tractor. The robust 4 3/4" cutting shaft works great for mowing grass and light brush.

**63" Flail with standard cut knives**

**75" Flail with standard cut knives**  
Available in 63" and 75" sizes

**Standard Cut**  
Grass and light brush

**Smooth Cut**  
Grass only

**90" Rear flail with standard cut knives**  
Available in 75", 90" and 96" sizes

## Extreme Duty

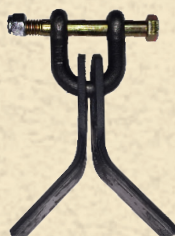

Explore Tiger's extreme duty mowers, built for heavier use with an extra tough skin along with a large 6" diameter cutting shaft. The increased size and horsepower of a mid ranged tractor (110 to 155HP) is recommended to take full advantage of the extreme duty series.

**60" side flail with standard cut knives**

**75" side flail with standard cut knives**  
Available in 60", 75" and 90" sizes

**Standard Cut**  
Grass and light brush

**Smooth Cut**  
Grass only

**96" rear flail with standard cut knives**  
Available in 75", 90", 96", 102" and 110" sizes

# Twin Mowers

**TWIN ROTARY**

REAR SIDE SHIFT FLAIL  
HYDRAULICALLY SHIFTS TO THE  
RIGHT 31"**

**Available in Super Duty Only**

**PTO DRIVEN  
REAR SIDE SHIFT FLAIL  
HYDRAULICALLY SHIFTS TO THE  
RIGHT 23"**

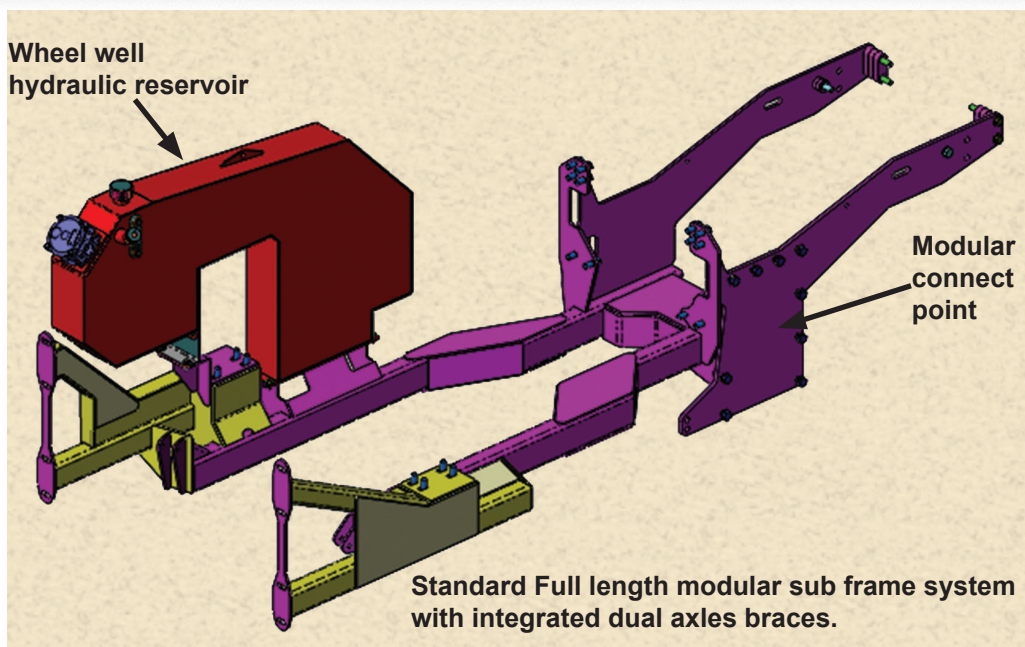

**Available in Super Duty and  
Extreme Duty**

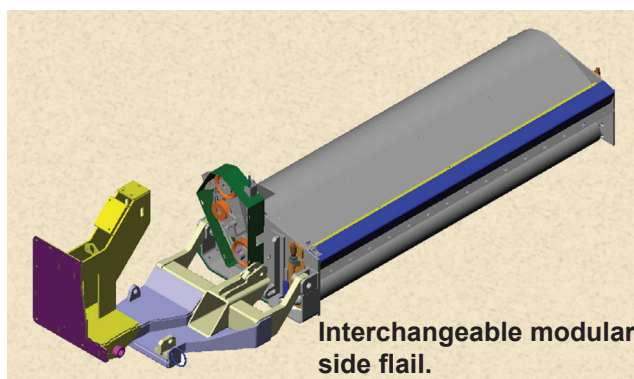

# Modular Frame

To enhance the adaptability of our products, Tiger offers a modular mounting frame to ease mower change for your vegetation needs. This unique design offers interchangeability with our boom and side mowers. With the Tiger modular frame, changing mower types can be accomplished in approximately 8 hours. The boom mower frame should be installed at the onset to ensure the most effective framing system for future changes.

## High Clearance Draft Beam

Tiger's high ground clearance, three-cylinder draft beam allows the operator the ability to go over high berms and curbs without contact of the draft beam.

# Rotary

Side TM Rotary

**TSR-60 Side Rotary with High Ground Clearance Three Cylinder Draft Beam**  
**\* Not all tractors will accept all mower models, please verify with Dealer**

# Rotary Heads

## 60" TM

## 60" TSR

Controlling your vegetation is easier thanks to the Tiger TM series Rotary mowers. Built to maximize your cutting capabilities. This robust mower is designed to take on the toughest grass and brush and keep on going.

## 72" TM

## Rear 60" TSR

Ultimate performance and a premium cut, that describes Tiger's TSR series Rotary mower. Refined and built from lighter, stronger steel with a multi layer top deck, the TSR mower has no catch points for grass or debris build up giving you a better, cleaner cut every time.

# Options

## CABLE CONTROLS

Mower control lift system.

## COOLING FAN

Keep your hydraulics running cool with an optional cooling fan. Standard for Twin Rotary.

## TAIL WHEEL

Second rear caster wheel available for twin rotary.
